

Message To The Muslims

TO REFORM AND TAKE ACTION NOW!

The Time has come for Bunia Muhammad, adopted son to Imam W. Deen Mohammed and the Community of Imam Mohammed, step up to the plate to deliver the Muslim Message to the World, as follow:

1. At this point I am advising, for the family, and Associates of Imam Mohammed (AIM), to hold meetings, scheduling appointments to introduce me (Bunia Muhammad), to all the Representatives of The Mosque Cares/WDM Ministry's staff, for discussing, about allowing me to promote my position as the adopted son and a faithful student of knowledge, direct supporter of my father's leadership, teaching, guidance and the Mosque Cares/WDM Ministry in speeches throughout the Community of Imam Mohammed and the Muslim World.

2. As the promoter in support of my father WDM Ministry of The Mosque Cares' Staff Representative and to the Muslim American Community in Association with my father and who follow his teachings and those who may be linked to the Nation of Islam, under the leadership of Minister Louis Farrakhan; or those who confess their faith as Al-Islam.

3. My advice to you, is to join our leadership in The Mosque Cares/Ministry of W. Deen Mohammed, in unity and reconciliation as our strong supporters following the Qur'an and Sunnah of Prophet Muhammad, as exemplified through the Transitioning of the Nation of Islam, fulfilling a father's dream, goals and legacy of the leadership of the largest constituent of Muslims in America.

4. Imam W. Deen Mohammed, son of the Honorable Elijah Muhammad, leader of the Nation of Islam, and mentor to Malik (Malcolm X) Al-Shabazz, and applying

the teachings of Imam W. Deen Mohammed's Past, Present and Future for the next Evolution.

5. We must continue our leaders work and worship, and to participate in all other human matters, for the international community of Muslims believers in G-d "Allah" and following the dictates of the Qur'an and Sunnah and the practice of the Tabi'an and Tabi'un are being called back to reform the Muslim Life and to reform the system of our education and for the original Shariah of Al-Islamic Law, established by the great Imams and Founders and leaders of the four schools of Islamic jurisprudence, and what their disciples have left behind for all of Muslims to follow, as directly related and understood; or more closely aligned with the late Imam W. Deen Mohammed's approach to Al-Islam, for a Model Community development building and Reform.

6. We have to stand up in unity like Imam Mohammed worked as a public servant, who stood up against racial oppression and worked continuously for peace, unity and reconciliation.

7. So as my father did I intend to do as a Khalifah Allah, taking on responsibility and accountability to educate the community of Imam W. D. Mohammed, and to continue to accept the Qur'anic injunction and the Sunnah of the Prophet, declaring its Islamic Law of the Shariah by the opinions, visions and advice of the pious Ulama, Islamic Scholars and Musid of the Ahl-al-Sunnah Wal Jamaa'h as understood by as-Salaf-us-saalih, to be practiced in our Muslim American Society.

8. Just as Imam W.D. Mohammed maintained his Father's legacy of economic and political empowerment for the Muslim Community, and as a message To The Muslims, first and foremost, we are now on that same legacy and leadership of Imam W. Deen Mohammed, and through the Mosque Cares/Ministry of Imam W.D.

Mohammed, The Next Evolution - To Reform and Take Action Now.

9. We must Reform the Muslim Life and to reform the system of our education and directly related aligned with the late Imam W. Deen Mohammed's approach to Al-Islam, for a Model Community developments building and Reform.

10. We must continue to work together, to take the Mosque Cares/Ministry of W.D. Mohammed to the next level and all over the entire Muslim World. In a firm establishment of the Dreams and Goals of my father and his Mosque Cares/ WDM Ministry, is to produce Billions, Trillions and Zillions of dollars and that we have to begin taking responsibility for ourselves as a Human Race of Bilalians (African American Black Muslims), to become political and financially involved and support strong leadership. And right now it begins in our relationship within The Muslim American Community, for solving the nation's and world problems, establishing our own Muslim Life and African American #BLACK LIVES MATTER identity. To establish our own clean and safe Neighborhoods, with quality education of truth, with Islamic financial Banking Institutions and Islamic Schools, Masjids System Honoring Sister Clara Muhammad, Imam W. Deen Mohammed, and with businesses, and jobs for a Model Community.

11. The best course for Muslims therefore is to strive to the Qur'anic advice: To bring about the good change for our future. "So take what the Apostle assigns to you, and deny yourself that which he withheld from you".

12. The Ummah of Khalifat-Allah, has been successfully established over fourteen and some hundred years ago when Prophet Muhammad Legacy of Reform Mission, had reformed Arabia with Laa ilaaha illa Allah Muhammadan Rasulullah; on (Tau hid). Allah causes them

to be successors on mother earth, i.e., enable them to achieve, in their turn of power and security and thus, the capability to satisfy their worldly needs.

13. The Sharia of Islamic Law reached its completion and the Message to the Muslim World, state and government in Al-Islam and in Masjid positions today can continue to survive now in these modern times or in the future of the Technology Spree age, of the 21st Century; or the new millennium and by totally Submitting our will to the Will of Allah, on the Straight Path. Insha-Allah! As for example, when we pray in Surah Al-Fatihah: "Guide us unto the Sirat-al-Mustaqine" and Allah is the Law Giver, and He tells all of His Creation of people: "I have willed that self-surrender unto Me (Al-Islam) shall be your religion".

14. Its "firm establishment! (Tankin) relates to the strengthening of the believers' faith as well as to the growth of its moral influence in the world".

15. It is fortunate that in this modern times there are increasing efforts of American Muslims, like myself Bunia Muhammad, Imam Darnell Karima, Imam Faheem Shuaibe and Bro Mubaashin and Sister Khadijah Siddeeq Muhammad, wife of our beloved Imam W. Deen Mohammed, and his daughters NGina, Laila and son (Wallace) Imam Warith Deen Mohammed II, as well as Sultan Muhammad, nephew to Imam W. Deen Mohammed and great grandson of the Honorable Elijah Muhammad, working in the Cause of Allah, to Reform of the Muslim Life and taken the responsibility to education, our priority in the establishment of Sister Clara Muhammad/WDM's Schools nationwide and to take the dreams and goals of 32 plus years of Visionary Leadership of my father, for his community is to produce the new minds that will take the WDM Ministry in America to the next level and Remake the World.

**A Message To The Muslims Fulfilling A Father's
Dreams and Goals To Reform and Take Action Now from
Muhammad Legacy of Reform To An Islamic Empire For
Humanity In America And The World**

As a tribute to my father and leader Imam W. Deen Mohammed, The time has come for Bunia Muhammad, adopted son to Imam Mohammed, The Mosque Cares/WDM Ministry and the Community of Imam W. Deen Mohammed, need to step up to the plate to deliver the Muslim message to the world, and to back it up with action now!

What we are doing now is so of the moment protesting the #BLACK LIVES MATTER, it couldn't have happened at any other time in history. You may get an amazed reaction from an older generation. You have opportunities that your parents only dreamed about.

Right now, what we're working on, the important messages, convictions and accomplishments of Imam W. Deen Mohammed, to-who was interested in all that is good for the benefit of humanity. Not to be taken lightly and for granted or in vain.

I'm the first, to promote this Message to the Muslims, in my authority position as adopted son and faithful student of knowledge, and direct supporter of my father's leadership, teaching, guidance and his Mosque Cares/WDM Ministry, as a diplomat or American Muslim dignitary in my work throughout the Community of Imam W. Deen Mohammed, and the Muslim World.

At the same time, while after the experienced of our country's first historical African American family in the White House, and from the Southside of Chicago, President Barack Hussein Obama never changed America's racial landscape, but made it worst, that lead to the #BLACK LIVES MATTER movement.

We too, as Muslims must take a key leadership stance, of organizers in the #BLACL LIVES MATTER movement in which young people need our Moral Leadership role support, and as our history of the Nation of Islam, of the Honorable Elijah Muhammad, (Malcolm X)-El-Hajj El-Malik Shabazz and Imam W. Deen Mohammed made great social, nationalist, economic and spiritual contributions to a large number of deprived Black men and Women in America and the positive effect, as represented an older generation that laid many of its stepping-stones to Dr. Martin Luther King Jr., and many others' civil rights movement that continues to benefit a worldwide audience of #BLACK LIVES MATTER protest marchers today.

It don't stop here, because it is still unfinished business for economic justice, exposing The Hypocrisy on the Part of America's judicial (legal) system, for lawyers and psychiatrists for their historically racial bias against Black Americans, with systematic mass incarceration and recently mental health civil commitment, of a large percentage of Black men are automatically denied justice and fair treatment in the courts.

A series of videos of police brutality directed at Black Americans has led to a reckoning over systemic racism. And while the President Obama, failed Black Americans in his presidency, and the present U.S. President Trump's re-election campaign capitalizes on the power of racial resentment.

As Americans confront their own' racial hierarchy, to preserve the history of America's diversity hope that the ongoing global conversation about race will lead to support for Black America, and riding an momentum generated by the extension of the civil rights movement to the recent #BLACK LIVES MATTER protests.

As an American Society of Muslims we must join the protesters against racism, standing hand in hand with fighting for racial justice, quickly taking a leadership role in the #BLACK LIVES MATTER movement. Their revolution is also our revolution and we shall be the first to fight against all form of racism, whether we take on anti-Semitism and/or Islam-phobia. We say #BLACK LIVES MATTER because we mean it - and we are un-a-shamed to remind you that we mean all Black Lives, as the Bible and Qur'an teaches us that we all came from Adam and Eve (Hawwah), the Human Race, and every one came from the same mother and father, as we are all called the children of Adam.

Imam W. Deen Mohammed called us "To Lead is to Serve," and I am the first, to represent and assistance his WDM/Ministry's leadership, and as I am writing In this book, is not merely a bitter Criticism to (Racism), oppression, discrimination, and stereotype of Blackmen, but also to give a creditable Proposal which promote a Reform Mission, that We The People of America should endorse the bold and courageous effort and to congratulate this work, and for going Public, using the examples of Muhammad Legacy of Reform Mission, to remake the world and raise it above racism.

As a African American Muslim dignitary of the Mosque Cares/Ministry of Imam W. Deen Mohammed, what the Presidents of United States could not and will not do, we must do it ourselves with the #BLACK LIVES MATTER movement. As an agent of change like a great successor or Reformer and on Mother Earth, as directly related or more closely aligned with my father Imam W. Deen Mohammed's Ministry - The Mosque Cares' approach to Muslim Life and African American Identity, we are establishing a Model Community and business development with Islamic Reform. Rebuilding the infrastructure, that Black Americans were born into and that they were seeking to escape and they were restricted from at every turn.

I however, will advise you to work with me volunteering to serve in #BLACK LIVES MATTER movement, and in association with the Mosque Cares/Ministry of WDM's office in striving to enhance your wisdom, knowledge and understanding why #BLACK LIVES MATTER, with the voice of Muslims in America and increase the numbers of Muslims to become political as a servant of Allah, who is into politics for Humanitarian ACTION REQUIRED.

Right now, I need volunteers to assist me in a #BLACK LIVES MATTER movement protest efforts, and with a team of young Muslims' soldiers, Scholars and entrepreneurs tackling the financial CRISIS; or with a true (AIM) to protect our own Black communities' security from black on black crimes, and to defund police brutality, and/or build us our economic interest.

My strategy plan is highlighted by the very important message and work of the Muhammad Legacy of Reform Mission's book challenges to solving the nations' circumstances facing Black Americans, especially "Racism, Black on Black crime and our Economic Crisis" but through the quality of my spiritual leadership, under the Imam W. Deen Mohammed's Community, first and foremost and with the pyramid eye of Allah, watching over us as American Muslims, doing His Will as taught to us from the Bible, Qur'an and Sunnah of prophet Muhammad.

With this strategy plan and Muhammad Legacy of Reform Mission, the #BLACK LIVES MATTER movement, we will create "promise neighboring development building for solving the criminal reform issues, crime - ridden streets problems and crumbling economic crisis.

For us as Muslims, to build New African - American Society of Muslims and on Imam W. Deen Mohammed - Past, Present and Future (The Next Evolution), as given to by

Bro. Mubaashir Uqdah, in the Muslim Journal, you must support #BLACK LIVES MATTER movement, and my call to unity and with authentic practices to Al-Islam in America, as well as working together under the knowledge and guidance of my father's teachings, goals and dreams. It's about time we start building New Africa - American Society of Muslims. Can You See It?

At this point in time, I am advising my family Lalia, NGina and (Wallace) Imam Warith Deen Mohammed II, brothers, sisters, nephews, nieces and grandchildren and great-grandchildren of the 'Top Imam and Sisters Shirley and Khadijah Siddeeq Mohammed, wives of our beloved Imam W. Deen Mohammed, as well as his followers or staff Representatives of the Mosque Cares/Ministry of Imam W. Deen Mohammed, to schedule an #BLACK LIVES MATTER movement protest events as BLM's organizers and so that we can give our speeches: Our main Topic is "This is the Great Day of Religion (Deen), for the #BLACK LIVES MATTER movement and for all the family and followers or Council of Imams and Masjids (Mosques) in Association with Imam W. Deen Mohammed, for discussion and my official authorization - effective immediately, allowing me to continue to promote my position as a adopted son, and or faithful student of knowledge, and direct supporter of our Imam's Leadership, teaching and guidance for the #BLACK LIVES MATTER movement's author, activist and organizer protester.

Yet as a representative of the Mosque Cares /WDM Ministry, and as Imam W. Deen Mohammed, he was not only the Top Imam, but father, uncle, brother, husband and grandfather, as well as a friend who really loved his people and has the answer to the Black People's problems in America.

According, I am inviting the attendance of Muslim men, women and children; or our young Muslims, to engage in the #BLACK LIVES MATTER movement, with me and

to join in the protests' speeches throughout the Community of Imam W. Deen Mohammed, in America and the world - for Muhammad Legacy of Reform Mission, for Religious, Education, Social, Business, Cultural, Performing Arts, Media, Political and Economic talks, etc. Although the time of just talk is over, it's time for action, Now!

Together we can pull all our wealth and resources necessary to rebuild confidence and create a New Africa! (Nation of Islam) American Society of Muslims, To apply the solution to the Black people criminal reform problems, to financial, education, businesses, worship and to do something about it besides just talking and walking. We act today to get American Black people what they need, to solve their problems and that's Al-Islam.

However, my projects, programs and proposal of events will contain a great deal of good knowledge and guidance for many benefits to our listening and hardworking audience at all of our #BLACK LIVES MATTER movement marches. More will be discussed further in the coming pages in this book Muhammad Legacy of Reform Mission.

**Short Terms Goals for Muhammad Legacy of Reform
Mission #BLACK LIVES MATTER Movement**

My first Short Term Goal for the Muhammad Legacy of Reform Mission, and with the #BLACK LIVES MATTER Movement, we will need volunteers' organizer activists and protesters marching in the streets, to serve as an Public Service and to conduct Fund Raisers' education Events efforts with a unity team force tackling and in exposing the Hypocrisy on the part of America's judicial (legal) system, for police brutality, lawyers and psychiatrists for their historically racial bias against Black American, with systematic incarceration and recently the unconstitutional mental health civil commitment process, of a large percentage of Black men are automatically denied justice and fair treatment in the courts.

Our efforts with this team force, we are also tackling the financial crisis, with a true (AIM) to promote and protect our own Black American Community economic interests.

With a Strategy to create "promise Neighboring development building for solving, and protecting the people from not only police brutality, with criminal reform, defunding the police department, but to end the black on black crime - ridden streets problems and crumbling Black economic crisis.

To do this is to have a high exposure to real estate and construction projects, as well as education programs' economic self-advancement and dedicated to urge Black Americans to focus on quality education, Entertainment School of Performance Arts, sport industry and Religion.

We must target Superstar artists and sport athletes, and our government to finance our projects and programs and to clean up and rebuild our neighborhoods with quality education schools, housing, businesses, Hospitals, jobs as an association, in the United States of America, endorses the establishment of the Black American People and the Muslim American Community. This is done as part of a longstanding effort to develop the reform for change, by creating moral leadership and scholarships and training programs, in America's Islamic Muslims' Schools, under the leadership of Imam W. Deen Mohammed's Mosque Cares/WDM Ministry.

We must focus on Superstar artists and sport athletes as the donors; hopefully they'll fund Black economic, being that they will bankroll our work, and growth in America.

Our short term goals is to reach an amount of \$100 billion in assets, with the biggest donations coming from the government, corporation, foundations and the ultra-wealthy pledge to support #BLACK LIVES MATTER movement's marching protest for Reform Justice. Money will be used to for creating better value in the country or the economy for all Americans. With no discriminating against people of color on the basis of race, color, religion, national origin, sex, marital status, age (provided the people has the capacity to live an honest and criminal free lifestyle.

Our (AIM) is to give America people and the world a new beginning in a succession of projects and programs until they become reformed, accountable and responsible on their part to the unity of American's religious, political, social and economic establish to the doctrine of Unity on a firm and national basis. As we

owe a duty to do real service in doing so to fulfill G-d (Allah's) Law and for the doctrine of Unity, Conscious or unconsciously being influence by the broad principles in our country's Constitution of the United States and Fundamentals which has been guaranteed to us by the healing words held within the Bible and Noble Qur'an.

The One True G-d (Allah's) Plan works silently, but surely among all nations and at all times. In the most fantastic forms of religion, politics, cultural arts and economic appear gleams of His Light of Unity, Calls to Al-Islam, i.e., man's peaceful submission of His will to the Universal Will. (See Noble Qur'an 7: 11).

We will establish the first American Modern Islamic financial institution, to help all poor Americans People, and even the Muslims with finances for pilgrimages to Mecca and to mobilize rural savings.

Our approach of reaching this goal, is with our intention starting to deliver results with the #BLACK LIVES MATTER movement's and with the country, large financial institutions, Entertainment and Sport industry, and their Superstars' artists and sport athletes or power brokers to finance our projects, which is currently needed and we must all be a super hero to clean up our neighborhoods, to help all poor people in America and the world, uplifting Humanity as G-d (Allah) created it to be, and it was the Imam W. Deen Mohammed's encouraged believers to "BE LOST NO MORE"! "This is our earth, why do we not take our place?"

We must keep to our vowed to help poor children who remain trapped amid crime and failing public schools. We must blanket them with #BLACK LIVES MATTER public

services, while educating them. It's a must to open high quality schools and religious centers' such as Sister Clara Muhammad and WDM High Schools, and #BLACK LIVE MATTERS's special education charter schools.

We must emphasize a long term plan with measurable results to show potential donors and investors. We know how to focus on cost, and could lead, with a vision for this country. Moreover, to provide our best insight to this #BLACK LIVE MATTER movement's ERA of Protest for CHANGE and REFORM, for solving the nations' problems, establishing our own money, freedom, life and identity.

We all have to manage ourselves as our own best interest. We are supposed to have the spirit of charity in our hearts, the spirit of #BLACK LIVES MATTER movement Protest marching, we need more fund-raising efforts and especially with the ongoing global coronavirus disease 2019 COVID-19 outbreak Pandemic, effecting our economic, just ask for more money.

Although, we've been on an lockdown, we're still spending \$30.000 annually to keep a poor child out of jail trumps the \$50.000 Americans would spend each year to keep the same child behind bars.

We know in these poor neighborhoods, 30% to 50% of males end up in jail. . .and the question is why?. . .We now got a #BLACK LIVES MATTER movement in America. . .We're saying let's intervene RIGHT NOW, pay the money up-front and not having to pay the money on the back end. We think there's a positive net benefit for American Society of Muslims, and we now got it. . .In #BLACK LIVES MATTER movement with the Muhammad Legacy of Reform Mission. It's necessary to move forward. Let Remake the World.

**Long Terms Goals for Muhammad Legacy of Reform
Mission #BLACK LIVES MATTER Movement**

My long term and personal goals and plans for writing this book "Muhammad Legacy of Reform Mission" and in support to #BLACK LIVES MATTER movement. Is first and foremost to give our new leadership of the Muslim American Community - Tribute more publicity, and establish our own Sovereignty over self.

As a Muslim to be sincere in the worship of Allah, is to obtain purification from all stain of evil and exemption from all influence of evil, and as Allah has stated in the Noble Qur'an: (15:41): "(Allah)said: 'This is a way which will lead straight to Me.'"

To maintain for faculty of Allah - Like Knowledge, and Will, which if rightly used would give man superiority over other creatures: As Allah said: in Qur'an.15:29: "So, when I have fashioned him completely and breathed into him (Adam) the soul which I created for him, then fall (you) down prostrating yourselves to him'".

We are the Heirs or Inheritors - But Allah it's belong the Heritage of the heavens and the earth. Qur'an: 15:23: "And certainly We! It is Who give life, and cause death, and We are the Inheritors".

All true apostles of Allah came to reconcile these sects, a religions divisions fragment, for they peach the true Gospel of Unity. So came Muhammad Legacy of Reform Mission, to bring back to unity the many jarring sects among the Jews, Christians, and Pagans His mission was held up to ridicule, but so was the Mission of the predecessors. Mockery itself should not discourage the preachers of truth: Qur'an: 15:19:

"Verily, We it is We Who have sent down the Dhikr (i.e. Qur'an) and surely We will guard it (from corruption)". Other words, our goal are to be the Vanguards of Al-Islam and the Guarding's of the Truth.

Through the (Unity) Universality of Islam all nations are to be blessed. Note: Repatriate to our own Islamic state, of the newly independent African American [Islamic Democracy] society of Muslims.

Let us live up to the fact that Allah has us Vicegerents on earth Qur'an 2:30: "And (remember) when your Lord said to the angels: 'Verily, I am going to place Khalifah (mankind) generations after generations on earth.' They said: 'Will You place therein those who will make mischief therein and shed blood, - while we glorify You with praises and thanks and sanctify You.' He (Allah) said: 'I know that which you do not know.'"

And Allah commanded the highest creatures to bow down to Adam Qur'an 2:34: "A (remember) when We said to the angels: 'Prostrate yourselves before Adam.' And they prostrated except Iblis (Satan), he refused and was proud and was one of the disbelievers (disobedient to Allah)."

Our will and plan is all for Allah's Will and Plan that may be above comprehension, but will prevail over all things. Qur'an 14: 27.

I will travel to other Muslims countries, like Saudi Arabia, and Dubai urging the Muslim's government to work with the African American Muslims; or to give their financial support (Zakat) and (borrowing) on a mult billion dollars loan from them, for in the cause of Allah, for our establishing the First Islamic Central Mosque Treasury (Bayt al Mal) Bank, and for our

One United Muslim American Community (Jama'ah), based on the Sovereignty of Allah, through our process of Redemption.

We are taking the proper approach, in our belief system and of true faith in Tauhid. According to Islamic Law (Sharia), based on Qur'an and Sunnah of Prophet Muhammad, and Imam W. Deen Mohammed's prediction: "Allah will preserve this Community", and now with our new young excellent leadership Model Warith Deen Mohammed II, speaking at the Community of Imam W. Deen Mohammed's Annual Convention/Ramadan Session, he said: "His interest is to preserve his father's legacy and serve the people of the Community of Imam Mohammed." And as the representative and spokesman for the Ministry of W.D.M/The Mosques Cares, I can guarantee you that are what we are going to do. In the Language of Imam W. Deen Mohammed: "We Cannot Stop Now." Amen

As the Community of Imam W. Deen Mohammed, was transformed out of the Nation of Islam, under the leadership of the Honorable Elijah Muhammad -Based on Imam W. Deen Mohammed Reformed thinking and the Logic of what he learned from Muhammad Legacy of Reform Mission. We are following those same steps to success, in this Muslim American Community - Tribute and in The Mosque Cares/Ministry of Imam W. Deen Mohammed. Insha Allah.

In The Supreme Mosque Council Court

In The Supreme Mosque Council Court and for (The Central Ulama of al Masjid ul Taqwah) of Ahl-al Sunnah Wal Jamaaih and The Mosque Cares of Imam Mohammed's Ministry, would like to introduce you to The Ummah of Khalifat - Allah (Vice-regent of Allah) on earth and hence the center of the universe ul Tau-hid (Vanguard of Al-Islam).

The Prophet Muhammad (S.A.W.S.) who has rightly explained: "I leave two things for you. You will never go astray while holding them firmly, The Book of Allah and the Sunnah of the Prophet".

"The best among you in the eyes of Allah are those who are stronger in Taqwah" (fear of Allah); or Allah - Conscious.

In this book we are learning and teaching on how Muhammad Legacy of Reform Mission, can be applied to all people, especially to reform the Muslim life and acting on it now.

And to all readers of this book and those who are in association with the Imam W. Deen Mohammed's Mosque Cares/WDM Ministry. In the Muslim countries' states and governments in Islam which have prohibited the Shari'ah of Islamic Law - due to the western patter of life and impact of colonial rule have gone against the injunction of the Qur'an and the Sunnah of the Prophet and the practice of the Tabi'un and Tab Tabi'un, are being called back to reform the Muslim life and to reform the system of our education and for the original Shri'ah of Al-Islam Law, established by the great Imams and founders and leaders of the four schools of Islamic jurisprudence and what their disciples have left behind for all of Muslims to follow and as directly related or

more closely aligned with the late Imam W. Deen Mohammed's who just returned to Allah in Ramadan 1429, Ministry approach to Al-Islam, for a Model Community Developments Building and Reform.

We as Muslims must take on the responsibility to educate ourselves and continue to accept the Quranic injunction and the Sunnah of the Prophet declaring it Islamic Law of the shariah by the opinions, visions and advise of the Islamic Scholars and of the pious Ulama of the Musid Ahl-al-Sunnah Wal Jamaa'h (Khalifat-Allah) as understood by as-Salaf-us-Saalih, to be practiced in the Muslim Society.

The best course open for Muslims, therefore is to strive to the Qur'anic advice, to bring about the good change and reform for our future.

"So take what the Apostle assigns to you, and deny yourself that which he withheld from you." As it is being written about, the good change and reform for our future, in this book "Muhammad Legacy of Reform Mission".

The Ummah of Khalifat - Allah, has been successfully established fourteen and some hundred years ago when Prophet Muhammad (SAWS) and/or when the Rashidun Caliphs had reformed Arabia with Laa ilaaha illa Allah Muhammadan Rasullullah, on (Tauhid). Allah causes them to be successors on earth, i.e., enable them to achieve in their turn power and security and, thus, the capability to satisfy their worldly needs.

The Shariah of Islamic Law reached its completion, and the state and government in Islam and in Masjids positions today can, Insha-Allah continue to survive now in modern times or in the future of the space technology age, by totally submitting our will to the Will of Allah, on the Straight Path, as for example,

when we pray in Surah al-Fatifah: "Guide us unto the Sirat al-Mustagime".

Allah is the Law Giver, and He tells us of His Creation of people: "I have Willed that self-surrender unto Me (Al-Islam) shall be your religion." Its "firm establishment" (Tankin) relates to the strengthening of the believers' faith, as well as to the growth of its moral influence in the world.

"We made for you a law, so follow it, and not the fancies of these who have no knowledge." Qur'an 65:18.

"We sent aforetime our Apostle, with Clear Signs and sent down with them The Book and the Balance (of Right and Wrong), the men stand forth in Justice." Qur'an 57:25.

The Prophet is asked to administer justice according to the Kitab-Allah (Book of Allah): The Noble Qur'an.

"We have sent down to thee the Book in Truth that you might judge between men, as guided by Allah; so be not (used) as an advocate by those who betray their trust." Qur'an 4:105.

"O you who believe, Stand out firmly for justice, as witnesses to Allah, even as against yourselves, or your parents, or your kin, and whether it be (against) rich or poor. For Allah can best protect both. Follow not the lusts (of your hearts), lest you swerve, and if you distort (justice) or decline to do justice, Verily Allah is well acquainted with all that you do." Qur'an 4:135.

It is fortunate that in this modern time there are increasing efforts of American Muslim Community, like Me Bunia Muhammad, working in the Cause of Allah, to reform of the Muslim Life and the African American identity and taking the responsibility to educate

ourselves in establish the Shariah Islamic Laws in America, and to take the WDM Ministry to the next level, and to the rest of the world. Because it's very important in some Muslim countries where all believers are supposed to be considered lawful, even today to practice the Shariah Law as a Consensus of the Ulama, but some Muslims are not fulfilling their obligation to do something that got to be done. Something got to be done, about this on state and government level, Religious, Christians or Jews and the Houses of Worship's position, especially in the Masjids.

Something got to be done! If there can never be peace on Earth until nations will have been turned to G-d (Allah) and His Laws, ruled by His Supreme Government! In a firm establishment of the Deen of Al-Islam, and for education of the Truth, and we have to speak to young people, we must reform the way we see our old religious scholars. Adult Muslims, Sheikhs, and clergies of today must reform the way you see young people, when our future lies in our children. That's why it's so important to reform the system of our Religious' education with the Deen of Allah-(G-d) (SWT), Al-Islam.

These are not just my words, but the words came from my father or leader Imam W. Deen Mohammed, and order to improve chances of success on the state and government level, religious and in Masjids' position, we should possess the truth, with the right knowledge in Scriptures and in History.

We must be upon the understanding the Noble Qur'an and Sunnah of Prophet Muhammad Legacy of Reform Mission, according to Bukhari:(Kitab al-Tafsir) Best Tafsir of the Qur'an. Be upon the methodology of the Salaf-us-Saalih, be knowledgeable in the figh (Islamic Studies) of all aspect of the Sunnah and Shariah; or the Islamic Law as practiced by our Salaf-us-Saalih.

We must learn and become fluent in Arabic and English as well as in other languages. Students and supporters of our Scholars from the Community of Imam W. Deen Mohammed's Mosque Cares/WDM Ministry must meet the requirements that the Supreme Mosque Council Court, of the Muslim American Community, and Masjid Al-Taqwah, the Ummah of Khalifat-Allah and Vanguard of Al-Islam and Tauhid have accepted and require by the Ahl-al Sunnah Wal Jamaah.

And as Allah tells: "And who is better in speech than the one who calls to Allah, does righteous deeds, and says, 'Indeed I am one of the Muslims.'" Qur'an 41:33)

I Bunia Muhammad am one of the Muslims promoting righteousness, as a African Arabian (Black American Muslim) "Amer-I-can-B" (Bilalian), Muslim Prince, and adopted son, student of knowledge and direct supporter to the late leader Imam W. Deen Mohammed, with intentions to be a reformer and successor on earth.

I am promoting my own concerns, in association with The Mosque Cares, Ministry of W. D. Mohammed, and Imam of Masjid Al-Taqwah and for the Muslim American Community, Yet I am a business man and founder of the Supreme Mosque Council, and the Ummah of Khalifat - Allah and vanguard of Al-Islam.

I want to invite to the way of our Lord with wisdom and good admonition and argue with that which is best. And I can tell you only by conveying the message and being the best example to all Humanity, as the Prophet Muhammad, were to his Ummah and advised. Unless we rather work as one Ummah in our financial capacity, for justice and supporting Islamic institutions to educate ourselves in firm establishments of Shariah The Islamic Law.

Over and over again Allah has decreed that Muslims will be humiliated by their enemies, if they fail to obey. To this, the Prophet warned:

"It will soon be that the nations invite to you (i.e. come to feast on you), just as guests are invited to partake of a service tray". They said, "Is it because we will be few at that time?" He said, "Rather you will be scum, like the scum of the torrent, and Allah will remove the fear of you from your enemies' chests, and Allah will fill your hearts with 'wahn'". They asked, "O Messenger of Allah! What is Wahn?" He said, "The love of the World, and the hatred of Death." Abu Dawood.

Let stop here for a moment, and contemplate or reflect about all the events of time, running full circle around the world in just our life time and or in the past 10-20 years, atrocities against humanity. If we were to joy our short-term memories, we may recall that hell broke loose in the Balkans, Bosnia, Kashmir, Palestine, Afghanistan, Iraq, Iran, Syria, Sudan, Libya, Somalia, Pakistan, Lebanon, Cambodia, China, Korea, and Rwanda and in Yemen Muslims are killing Muslims.

And right here in America's cities' Philadelphia, New York, Chicago, Detroit, Los Angeles, Portland, Seattle Washington and Washington, D.C., just to name a few. Muslims and Black Americans are being killed, where people are committing crimes against not only the state and federal government's laws. But they are committing laws against Allah's SHARIAH! Muslims and non-Muslims are being killed by enemies and some people who came to this country through immigration bear deportation; or being thrown-out; or placed in state and federal's prisons, such as the ICE facilities and Guantanamo Bay Navy Base without the protection of any law. Without any Human or Civil Rights, "No Justice No Peace!"

Even with there being an ongoing Coronavirus Disease 2019 (COVID-19) outbreak Pandemic, worldwide, with the death loss of many Americans and Black Americans are dying the most.

Additionally, in wake of the COVID-19, there are being Protests of the national injustices that have not only occurred historically, against Black Americans, but recently affected our nation to the Protests to #BLACK LIVES MATTER erupt coast-to-coast and worldwide, has led to distress for those that support the idea of justice, equality and behavioral systemic change in an effort to make justice and equality happen, in our national law enforcement agencies at all levels of government, including civil commitment of mental health laws, as needed for the reformed mission.

In fact, some area are still under the same cloud of despair and the international community's responsibility to protect populations from genocide, war crimes, ethnic cleansing has failed against Humanity or to protect against Human Rights abuses and increased instability in some region such as Darfur province, where a government backed Arab militia is murdering civilians, raping women and children and pillaging the land.

Do we not realize that if Allah has decreed a matter, even if every Muslim on the face of the earth were to gather together to try to reverse it, they would never be able to do it. Similarly, if Allah has not decreed a matter, and every Muslim on the face of the earth were to gather together to try to make it happen, they would never be able to do it. Only Allah can help us. That is the real help.

Rather, some of us would like to ask the question Why? The Prophet, he has conveyed the Message of the Lord, he has advised him Ummah, and he is without sin! Then who filled their hearts with wahn and removed

their enemies' fear of them? And why is it that this fear was removed? The Prophet said, "You must commit good and forbid evil, or it will soon be that Allah will send a punishment upon you, then you call upon Him, but He does not answer your supplication; quote: Ahmad and others, See As-Sahrah al Jaame No. 7070.

He said: "It will soon be that the nations invite to (i.e. come to feast on you")

"So who was it that removed their fear, and sent them against us as a punishment? Is it true that they no longer fear us? Why would He help us, if He has decreed punishing us?"

If Allah had Willed they would have no help, but He tests some of you by others. (Qur'an: Muhammad 47:4)

It must be that He has decreed it. Given this predicament we find ourselves in what can we do to change that. So then, in order to correct this problem, should each of us be only concerned with each of us and our families? After all that is quite a responsibility! At the same time, if we then are one Ummah (Community) and if some of us have gone wayward, we then need to correct them with the SHARI'AH - THE ISLAMIC LAW. Why? After all, a few bad Muslims can cause a lot of damage to a Ummah (Community). But then, what happens if not a few, but a lot of us need to be corrected. We shall be forced to repent "not merely for the hateful, words and actions of the bad people, but for the appalling silence of the good people. . .numerous at that time. But you will be scum. . .

Did not he Muhammad Legacy Reform Mission (SAWA) say: "The Believers are like one person, when his head bothers him, all of him is bothered, when his eye bothers him all of him bothered."

Allah (SWT) has ordered us:

"Say: My prayer, my sacrifice, my living and my dying are all for Allah, the Lord of the Worlds - there are no partners for Him - and with this I have been commanded, and I am the first of the Muslims". (Qur'an: 6:152)

And He (SWT) has warned us:

"Say: If your fathers, your sons, your brothers, yours wives, your families, the wealth that you have gained, the commerce that you fear may decline; or the dwellings that bring you pleasure, are dearer to you than Allah and His Messenger and Jihad in His Cause, then wait until Allah brings about His decree. And Allah does not guide disobedient people". (Qur'an (:23)

Indeed the believers' freedom from fear is a direct outcome of his intellectual and emotional refusal to attribute to anyone or anything; but Allah to shape his destiny. We cannot stand by in silence anymore. As a compassionate and civilized Muslim American Society, we must take immediate action through our bully pulpit as a world leader, through establish a firm SHARIAH: THE ISLAMIC LAW, and enforce it if necessary. The direct violation of the Shariah, rooted in the Divine injunctions of the Qur'an and the precepts of the Prophet Sunnah taught over 1400 years ago from now on must continue to the end. Insha-Allah

Allah tells us: "I have not created jinns and humans but to Worship Me." (Qur'an: 51:46)

"And it is He (SWT) who places the fear of the Muslims in the disbelievers' hearts; it is not the Muslims who do that! And it is He (SWT) who removes it!"

Whatever sufferings afflict you, it is only by your own hands. (Qur'an 42:30) Now if He (SWT) is in fact the one punishing us, then what of our due-

supplication. Guide us to the straight [mustaqeen] path. (Qur'an 1-5)

And remember, Allah's Messenger drew a line then said, "This is Allah's path then he drew lines on its right and its left and said: 'These are the paths of separation, on every path among them there is a shaytaan (Devil) inviting to it'". Then he recited:

"Surely this is my straight [mustaqeen] path so follow it, and do not follow the [other] paths, separating you from His path". (Qur'an 6:153) An authentic hadith recorded by Ahmad, An Nasa'ee and many others.

And we ask Him (SWT):

"Not the path of those who have incurred your wrath. . ." (Qur'an 1-7) And Allah (SWT) gave no excuses, saying about His Messenger (SAWS) ..."Let those who oppose his command be warned, lest some Fitrah afflict them or they be afflicted by a painful punishment." (Qur'an 24:63)

And He (SWT) warned:

"Indeed Allah will not change a people's circumstances until they change themselves. (Qur'an 13:11) The favor that He granted before us has gone. "That is because Allah does not change a favor that He has granted a people until they change those themselves. Indeed Allah is hearing and knowing". (Qur'an 8:53)

So when will Allah's help come"

"When Allah's help comes, and you see people entering the religion in multitudes, then glorify the Praises of your Lord and seek Forgiveness, surely He is always turning [to accept repentance] (Qur'an 110: 1-3)

Here we can see an indication of a sign of His (SWT) help: . . ."You see people entering Allah's religion in Multitudes". But how could this happen in

the condition we are in. Perhaps that is because a large portion of the Muslims is not reformed with SHARIAH: THE ISLAMIC LAW? Yet, there is good news for the believers.

There's a Muslim Reformer, to take on the responsibility to educate and to reform the system of our SHARIAH: THE ISLAMIC LAW! And it's imperative that the international Ummah (Community) of Muslims act upon it now, and take on the responsibility to do it now, by reforming the mis-education system in Muslim countries, but only if the consensuses of Ulamaam are in agreement and fully in immediately support of my implemented it.

"That is because Allah is the protector of those who believe, but those who disbelieve, they have no protector." Qur'an -Muhammad 47:11)

"By time, indeed mankind is lost, except for those who believe, do righteous deeds, and exhort each other with the truth, and exhort each other with patience". (Q. Al-Asr)

And the believers already know what he (SAWS) said: "There will always remain a group among my Ummah (Community), Victorious, [aided] upon the truth. . ." (Al-Bukhari and others) And they will invite the people to Allah's religion as described by Allah;

"Say: 'I invite to the way of my Lord with clarity." (Qur'an 12:108)

And then, and only then the promised help will come. So we must, each of us unite like one Ummah (Community) on Ahl-al-Sunnah Wal Jamaa'h - Khalifat-Allah, knowing Allah, Tauhid and SHARIAH: THE ISLAMIC LAW, just as the Salaf-us-Saalih used to practice, from country to country to convey, to educate, and narrate knowledge - even for a single hadith, will not blame

others for what we have done ourselves, than in turn, has incurred Allah's wrath.

We must remember that He (SWT) said: "I have not created jinns and humans, but that they Worship Me". So we must also realize from all this that if we do not invite His (SWT) slaves to their Lord, they will not know Allah, and will have no reason to fear Him (SWT) anymore!

But we know that Allah always accepts our repentance. We know that if we follow His Messenger (SAWS) "Muhammad Legacy of Reform Mission" as He (SWT) has ordered this "Ummah" (Community) and Ahl-al-Sunnah Wal Jamaah). The Ummah of Khalifa, then each of the believers, helping the others to do the same, to reform the Muslim life, takes on the knowledge gained, as such to take it on, whether being on state and government level; or religious schools and in the Masjids gathering and that this should be carefully memorized along with its proof and conveyed just as it was taught; or it was said, without additional deletion or out of text; on Bidat (Innovation), to being about making the good change for our future, that will be changed.

It will become stronger, and it will properly perform the duty that it was commissioned to do. So when that Ummah (Community) is strong and alive with faith, then Allah will manifest itself in the heart of the disbelievers as fear of the Muslims. Then will the people enter Allah's religion (Deen of Al-Islam) in multitudes, and the Muslims will no longer love the world and hate death. At that moment that this Ummah (Community) on Ahl-al-Sunnah Wal Jamaah, The Ummah of Khalifat-Allah will say:

"My Prayer, my sacrifice, my living and my death are all for Allah, the Lord of the Worlds - there are no partners for Him and with this I have been

commanded, and I am the first of the Muslims". (Qur'an 6:162)

I Bunia Muhammad believe that I am honest, with integrity, intellect and sincerity to do what is in the best interest of this Country's Muslim American Community and the world. To demonstrate my leadership skill on being strong, confident and focused leader who is balanced in my identity and who has no fear in showing the world exactly who I am. Are you?

We, dear Muslims, therefore invite you to the "Muhammad Legacy of Reform Mission" and follow the instructions of the Prophet (SAWS) in the Qur'an:

"Say, 'If you indeed love Allah then follow me, Allah will love you and forgive yours sins. . .'"
(Qur'an 3:31)

And Allah (SWT) said, "O you who believe! Whoever among you turns back from his religion (Deen of Al-Islam), Allah will bring a people whom He will love and they will love Him".

Taking The Message To The People Calling Them To Al-Islam "Life"

According to preserve and taking the message to the people and calling them to Al-Islam "Life". I written about this subject in my first book: "The African American Muslim Leadership Reformed Taking on the Responsibility to Lead Humanity" and I would further suggest and recommend, that you get your copy of this book and read about this subject.

I would however, would relates the main topic of this subject and in this book "Muhammad Legacy of Reform Mission," as an continuance from "The African American Muslim Leadership Reformed Taking on the Responsibility to Lead Humanity".

As taking the message to the people and calling them to Al-Islam "Life," we invite the people to learn about Allah (SWT), through our transmit (Tafir) (Explanation) of the body of knowledge and School of Thought and from the teaching of Imam W. Deen Mohammed's legacy, and in line with the Prophet Muhammad Legacy of Reform Mission.

We as the representatives of the Muslim American Community, Ministry of WDM/The Mosque Cares, will take the full responsibility to educate ourselves in practice to facilitate all the Sister Clara Mohammed and the W.D. Mohammed High Schools' nationwide with the curriculum, to serve the people of the community of Imam W. Deen Mohammed's children and youths.

We plan to collect all the manuscript and combine into a complete package collection of text-books, and also in software CDs, DVDs, Audio, Video and Streaming down loads in other languages for every education, government legislative committees and Islamic school system, from Muslim American Community to Saudi Arabia, Egypt, Malaysia, Middle East, Africa, Afghanistan,

Bangladesh, India, Europe, Russian, Korea, China, Japan, and Pakistan, etc., into one encyclopedia, and with Universality courses for marketing on the internet website, as a true aspect of facilitating, preserve Imam W. Deen Mohammed's vision and his legacy and to serve the people of the world community of Al-Islam - Based on his Reformed thinking and the Logic, and line with Prophet Muhammad Legacy of Reform Mission.

I Bunia Muhammad, myself as the representative and spokesman of the Ministry of WDM/The Mosque Cares, and our President/Khalifah Imam Warith Deen Mohammed II, are both convinced of its urgency, as representatives (Spokesmen) and president Khalifah in the Mosque Cares/W.D.M. Publications.

The evidence of the truth of We Can Not Stop Now! Imam W. Deen Mohammed's prediction: "Allah will preserve this Community".

Our new fresh young and excellent leadership Model Imam Warith Deen Mohammed II, speaking at The Mosque Care Annual Convention/Ramadan session said: "His interest is to preserve his father's legacy and serve the people of the community of Imam Mohammed, and as the representative and spokesman for Muslim American Community and the Ministry of W.D.M./The Mosque Cares. I can guarantee you, which are exactly what we are doing in the Cause of Allah, with Muhammad Legacy of Reform Mission, and in the legacy of Imam W. Deen Mohammed, with the community of Imam Mohammed. We command that you do the same that we are doing as Muslims, in this generation and beyond. Insha'Allah.

Muslim Life Concerns And For The Muslim American Community

By no means is this pursuit easy, for Muslim Life concerns and for the Muslim American Community. It was never meant to be easy according to Quranic language - past - present and future (The First Evolution in America). The Prophet of Allah (SAWS) Muhammad Legacy of Reform Mission's exemplified this kind of leadership while micro-managing and engineering this kind of (Ummah) community behavior for 23 years. He not only manager and guided this kind of Ummah (community) engagement and missionary zeal, he developed a leadership model that incorporated the skills, talents, experiences, interests, and motivations of those around him.

And let us not forget: The Prophet Muhammad Legacy of Reform Mission did not implement a brand of Islam that might be called "theoretical or philosophical". The Prophet of Allah (Khalifat - Allah) (SAWS) was involved with life "on the ground". Not up in the air, waiting on the mother ship connection (aliens) to land. Oh no, he (SAWS) was preaching, teaching and taking on the hostile forces in the most troubled, difficult, challenging areas of his life, as Black Americans' Muslims of today, in our life are facing in America, to protest #BLACK LIVES MATTER.

He didn't introduce a style of Islam wherein one could comfortably and justifiably pick and choose between the theoretical dimensions of life, to the exclusion of the pressing realities of life. For this reason, the Qur'an was revealed over a period of 23 years because, it's emphasis and dynamism was anchored in reality, not dreams (Like: "I have A Dream" speech), illusions, fleeting hopes ("Let's keep Hope Alive"), and theoretical preoccupation.

The Prophet (SAWS) Muhammad Legacy of Reform Mission basically taught to his followers and supporters: "It's time to roll up your sleeves and make a difference". You may be harmed in the process by forces who hate truth and justice, but this is the price for the great gift of Iman (Faith) and Al-Islam (Peacefully Submission. Are you willing? Are you ready? Are you able to sacrifice and struggle (Jihad) for The Creator and in His Cause? Don't be disheartened or dismayed. Allah - The Sustainer Commander of the Muslims Army (Fruit of Islam "FOI") and Vanguard of Islam are ordered to fight against all form of forces of oppression and corruptions of today. #BLACK LIVES MATTER!

We must remain to have a faith-centered, morally-anchored, proactive-effective, visionary, creative, and authentic leadership - model that is willing and able to take on the issues and concerns we face today.

We have in The Muslim American Community, and The Mosque Cares/WDM Ministry an new, young energized leadership model, characterized by its deep-rooted faith in, and conformance with, the clean-cut principled teaching of Imam W. Deen Mohammed - (The Nation of Islam) (Ummah of Muhammad) (The Reality of the Salafi Da'wah) (Al-Islam) to keep guiding us safety across today's social storms and tidal waves of evil enemies in the world today.

As an example, we have such a responsible leadership model, which is just as effective, courageous, bold leadership model, just like his father Imam W. Deen Mohammed, and his grandfather the Honorable Elijah Muhammad was, and that's our Khalifah (Wallace) Imam Warith D. Mohammed II. He is our new effective leadership model, of The Ministry of Imam W. Deen Mohammed/ The Mosque Cares, and upon pure Salafiyaah. Read Qur'an: 24:57)

So I say to the Associates of Imam Mohammed (AIM) "Oh Muslims hear and obey, our commands, so others will join in, because we must follow guidance and light, so hold fast to the book of Allah and adhere to it. Insha'Allah

Our community (Ummah) has evolved and embraces a new leadership model that is inclusive, mature, broad-minded, tolerant, visionary, and results oriented. By no means in this pursuit was easy. It was never meant to be easy according to the secret and Sacred Language of Revelation and Culture, and/or in the language of Imam Mohammed, and as emphasized by Imam Nasif Muhammad of Al-Aziz Islamic Center of Bridgeport, Conn.

He gave a lecture at the New England Council of Masjid and Unity Day Weekend Solidify Community - Uplifts Language of Imam W. Deen Mohammed. (See August 21, 2019 Muslim Journal). He stated: "The important of preserving the language of Imam Mohammed, should be done by sharing our history, promoting our community (Ummah) works and developing a system for storing and sharing the language of heavens and earth - is on your side."

Allah tells us in the Noble Qur'an: "And the foremost to embrace Islam from the Muhajireen and the Ansar and also who followed them in goodness, Allah is pleased with them and they are pleased with Him. Allah has prepared for them gardens under which rivers flow (Paradise) to dwell therein forever. That is the Supreme Success." [Surah At-Tawbah: 100]

And the Prophet said: "There will always remain a group among my Ummah (community), victorious, [aided] upon truth". (Al-Bukhari and others) (Qur'an 22:77-78)

Finally, it might be useful to end this chapter of the book: "Muhammad Legacy of Reform Mission" and #BLACK LIVES MATTER movement on a historical note. All

of us recall the life and legacy of Dr. Martin Luther King Jr., although I might add it is useful to study this man's life and Black American's experience carefully (There are many sobering things one can learn when this life is studied in detail).

This Black American man of faith and conviction "lost his life" because, he was willing to take on America's social ills and woes, as we are in the #BLACK LIVES MATTER movement are doing today.

Dr. Martin Luther King, Jr., he identified three American evils that needed urgent eradication. He talked and wrote about America's reckless and seemingly endless involvement in militarism, racism, and poverty. When he took on America's political, social, and economic emorrhaging, he was isolated and virtually alone, especially during the latter months and weeks of his short life of (39 years).

Is it true, there were a few people, a core group of supporters and advisors, that surrounding him during most of his social activism. However, once he decided to increase the decibel intensity and focus surrounding the pain and suffering of those who were victims of the "three evils (militarism, racism, and poverty)" his leadership and decision making capacity became suspect, by some within his inner circle.

The historical development in some ways is very similar to our Muslim Brother El-Hajj El-Malik El-Shabazz's (Malcolm X, may Allah bless his sacrificing soul), life and legacy. Even though, his Black American and Muslim's experience and how "Muhammad Legacy of Reform Mission," changed his life. He too was left exposed, targeted, and eventually assassinated by inferior forces, who always fail to understand or accept truth and justice as defined by The Almighty Lord of the Heavens and Earth.

They believe killing a messenger is the end of a message, and this is very far from the truth. It might handicap a truth-seeking effort, but it never brings it to a close. Never! For this reason and others, I choose to write my books: My first "The African American Muslim Leadership Reformed Taking on the Responsibility to Lead Humanity" and Second: "Muhammad Legacy of Reform Mission," and under the leadership (Khalfah) model with inexhaustible vision, focus, energy, and purpose which is embodied with Al-Islam's pristine teachings, as taught to us by our leader and Imam W. Deen Mohammed's Mosque Cares/WDM Ministry.

And Imam Mohammed, he passed that same leadership momentum that doesn't rise and fall based on an individual, his sons, mainly Imam Warith D. Mohammed II, of The Mosque Cares/WDM Ministry, and Association of Imam Mohammed (AIM).

But being under The Supreme Islamic Leadership Council, of the Muslim American Community and Masjid Al-Taqwah, and when the Prophet Muhammad(SAWS) departed from the world, some Muslims became confused and began asking themselves, if they could carry on without his humble presence (SAWS). In this sad scene, The Qur'an in cautioning the Muslim community (Ummah) about the dynamism of individualized leadership even at the Prophetic level, versus remaining true and committed to the goals (AIM) and objectives for which such leadership finds its purpose.

Humans, all humans, and as Allah Said: "O you who believe! Whoever among you turns back from his religion (Deen) (Al-Islam), Allah will bring a people whom he loves and they will love Him". (Al-Maidah 5: 54)

No matter how significant or insignificant, leaders come and go. We are all born, we live a number of predetermined years, and we ultimately return to our beginning, to Allah Almighty. Al-Islam from very

beginning of Creation had been investing itself in self-sustaining, self-generating leadership models that should always remain vibrant and forward-moving.

Here we can see an indication of a sign of His help. . . You see people entering Allah's religion (Deen) Al-Islam in multitudes. (Qur'an An-Nasil:102) And we thank Allah Almighty for his continuance blessing our community (Ummah) with a leadership model that can withstand the tests and challenges of time and place.

With such a model, in the American Muslim Community, Masjid Al-Taqwah - The Supreme Islamic Mosque Leadership Council Court, and Imam Warith Deen Mohammed II, of The Mosque Cares/WDM Ministry's Contemporary leadership of the community of Imam Mohammed; or the Associates of Imam Mohammed (AIM), that follows in the same path that of Imam W. Deen Mohammed took, when he came in his leadership to reform the (NOI) Nation of Islam, and to the straight path in line with the Prophet "Muhammad Legacy of Reform Mission".

We can keep traveling far and wide. Without this leadership, we will remain "happily" fragmented and ineffective. Our perfected ritualistic expressions will fail to meet the objective contained in Surah Al-Maun (protecting the religion from false and misleading representations about the principled foundations of Al-Islam; removing roadblocks and hardships from the precious lives of orphans; feeding the needy and destitute, and interacting with others in basic necessities of life).

We should remember and never forget: "Muhammad Legacy of Reform Mission" and how Al-Islam came to make us whole; to make us a community, society, Nation of Islam (Ummah); or to make and keep us as an Ummah; or of the Nation of Islam.

The Honorable Elijah Muhammad (May Allah forgive him his sins and grant him Paradise), even told us that Islam came to clean us up as individuals, right? So that once we enter into a broader, social reality, we are capable of doing our part. Now isn't that what our leader and Imam W. Deen Mohammed told us?

Now it's time for us to do our part. If the "Muhammad Legacy of Reform Mission" (Al-Islam) didn't come to turn us into isolated individuals, who take great pride in our individual "refined selves". While we all seek and desire a heavenly presence, none of us seek to go their alone - selfishly alone. We want to experience heaven with others, today and tomorrow.

With an excellent leadership model, we made it, with and for others. And we thank Allah - The Most High, The Exalted - for making it possible:

Say: "Obey Allah and obey His Messenger, then if you [people] turn away, then he is only responsible for his duty, and you for yours. If you obey him you will be guided, and it is not a duty of the Messenger except to clearly convey." (Qur'an: An-Noor 24:54)

And "Whoever obeys the Messenger, and then he has obeyed Allah". (Q. An-Nisaa 4:80)

. . . "Lets those who oppose His command/orders be warned lest some fitnah afflict them or they be afflicted by a painful punishment". . . (Q. An-Noor 24:63)

So it is obligatory for jinn and humans, whether male or female, that they worship Allah and has Taqwah of Him, and that they revere His orders and prohibitions. And this can only occur by encouraging each other, giving sincere advice, and helping one another to righteousness and Taqwah, be they males, females, Black; or White, all people.

Shar Sr. wrote an article in the August 21, 2009, Muslim Journal about the Nation of Islam and said I quote: "African Americans then and now suffer from some of the worst social ills experienced in this country. They experienced drug and alcohol abuse, domestic violence, incarceration, gang violence, you name it. All the antipoverty programs combined did not make a difference".

"The Nation of Islam met this challenge head on. We African Americans walked into those Temples throughout America as social worms, at the bottom of society, and emerged as beautiful butterflies".

"We emerged as men ready to be fathers, husbands and bread winners in their homes. Our women ready to be wives, mothers and role models for our daughters. The religious, moral and social reformation performed by the Nation of Islam was magical".

"I am so grateful to G-d "Allah" Almighty for the life giving teachings of the Honorable Elijah Muhammad, then and now. I would rather see a young 18 or 19 year old African American male in a Bow Tie then in a DRIVE BY."

"Float like a Butterfly, sting like a Bee, Your hand can't hit what your eyes can't see". Quote: from Muhammad Ali.

Speaking of our history in the Nation of Islam, our Leader Sheikh Imam W. Deen Mohammed, mentioned to us that that was the same kind of inspirational teaching about right conduct and discipline that he needed among his followers in The Mosque, as Brother, Minister Malcolm X (El-Hajj El-Malik Shabazz) was a devote followers of his father Hon. Elijah Muhammad and the Nation of Islam.

Imam W. Deen Mohammed also mentioned days before his passing away, on Tuesday September 9, 2008, to his Brother Elijah Muhammad II. He was talking about the loss of Malcolm X Shabazz and how jealousy took his life.

I am however, the first and foremost, giving my condolence to the best three African American Muslims' Champions this community produced, and I think that is why Imam W. Deen Mohammed, wanted to protect me, keeping me out of harm way, because for one 1.) Orphans are to be protected, 2.) From jealousy and narrow-mindedness of people who would want to do me harm, and it means more to me now fulfilling my destiny role of the Nation of Islam (NOI) leadership, above the Hon. Elijah Muhammad, Malcolm X Shabazz (El-Hajj El-Malik), Minister Louis Farrakhan, and Imam W. Deen Mohammed's Legacy. And at all times my prayers, wealth, sacrifices, life, and death are due thanks to Allah (SWT).

As a tribute of continuation, to carry out, and first on the Prophet "Muhammad Legacy of Reform Mission" and on my modern day leaders' Legacy of reform and Transitioning of the Nation of Islam (NOI), and especially now with the #BLACK LIVES Movement.

I congratulate to the #Black Lives Matter movement, and from this day forward, the time has come for Bunia Muhammad, adopted son to Imam W. Deen Mohammed, his family and with the Associates of Imam Mohammed (AIM), of WDM Ministry/ The Mosque Cares need to step up to the plate of the "African American Muslim Leadership Reformed Taking on the Responsibility to Lead Humanity" and from the Prophet "Muhammad Legacy of Reform Mission" to deliver the message and teachings of Imam Mohammed to the world, and to back it up with action NOW!

Imam Mohammed said:

"What we are doing now is so of the moment, it couldn't have happened at any other time in history. You may get an amazed reaction from an older Muslim American Pioneer generation. You now have opportunities that your parents only dreamed about".

Right now, what we're working on, the important messages, language, convictions and accomplishments of those who support the works of Imam W. Deen Mohammed, to whom was interested in all that is good for the benefit of humanity, not to be taken lightly and for granted or in vain. . .

I'm the first, to promote this message in my books: First: "African American Muslim Leadership Reformed Taking on the Responsibility to Lead Humanity" Second: "Muhammad Legacy of Reform Mission" to the believers' Muslims and non-believers; or dis-believers alike, and in my position as Imam Sheikh Rasul Muhammad Abdullah Mahdi Al-Haqq and (Bunia) adopted son and faithful student of knowledge, thinker, and direct supporter of my father leadership, teaching, guidance and his Mosque Cares/WDM Ministry, as well as for my Muslim American Community - Tribute, of Al-Masjid ul Taqwah ul Allah, as a diplomat or Muslim American dignitary in my position, throughout the Muslim community (Ummah) of Imam W. Deen Mohammed, and the Muslim world. Alhamdulillah.

I will also introduce to the reviewing movie's audience, the history from the 3rd Edition book of the Honorable Elijah Muhammad: "THE MAN BEHIND THE MEN" and by Michael "Mikal" Saahir.

Your brother Bunia, Imam Sheikh Muhammad Abdullah, aka Russell Tinsley, (Bunia), and adopted son of Imam W. Deen Mohammed, and upon the instruction of my father Imam W. Deen Mohammed. He instructed me, as his father the Hon. Elijah Muhammad instructed him with the Qur'anic message from Surah 31 Luqman, (Verses: 13-15), and when Luqman's gave instruction to his son ("Ya Bunia").

Imam W. Deen Mohammed named me Bunia, which mean in Arabic ("O My Son"), from Surah Luqman. You can also read further information about this story that's contained in Imam Michael "Mikal" Saahir's book: The Honorable Elijah Muhammad THE MAN BEHIND THE MEN (pages 172-177).

Also, read "The African American Muslim Leadership Reformed Taking on the Responsibility to Lead Humanity, by me Bunia Muhammad (aka Russell Mac-t Tinsley), pages (37-51).

Also, from this book: Muhammad Legacy of Reform Mission, pages (61 - 77), and under the Chapter "the Author Message of Concern to the Family and Associates of Imam Mohammed".

In addition, as an associate of the community of Imam W. Deen Mohammed, and a representative of The Mosque Cares, and supporter of the WDM Ministry, my father always instructed me to keep in touch with the (Ummah) community's history and under his leadership.

Since, I've been writing my books about our past, present and future history, I have always kept informed of the family, and the (Ummah) Community of Imam Mohammed in my prayers (Salah), and I am now asking all the living Pioneers reading this book for their assistance, from a scholar and historian position of The Nation of Islam, and The Mosque Cares / WDM Ministry to assist me in the approval and accuracy and fidelity of my New Film.

Please find the information in my books' "African American Muslim Leadership Reformed Taking on the Responsibility to Lead Humanity" and "Muhammad Legacy of Reform Mission" are about my plans to produce a movie, at the Tyler Perry Studio. This movie is about the Nation of Islam Muslim Leader "Imam Mohammed (raa)" impact on my life personally, and the impact that his leadership had on Islam in America, specifically when he led thousands of Muslims from the Nation of Islam to Sunni Islam as practiced by Muslims all over the World.

In addition, this movie will be based on my published books, "The African American Muslim Leadership Reformed Taking on the Responsibility to lead Humanity," "Muhammad Legacy of Reform Mission" "Black American Street Life" and "Civilly Committed" and on the Honorable Elijah Muhammad "The Man Behind the Men, Return to Innocence: The Transitioning of the Nation of Islam.

The movie will also give recognition to the creativity, time and effort I put into my writing, to clear up the mistaken and misleading information about me (personally and professionally), and about our Religion of Al - Islam, our beloved Prophet Muhammad (PBUH) "Muhammad Legacy of Reform Mission;" or most importantly the misunderstanding about Imam Mohammed's teaching in our belief in Allah (SWT), and what his WDM Ministry teach us in the Holy Books, about the only true Religion Al - Islam.

I sincerely want to produce this movie at Tyler Perry Studio and to share my talents, concerning the work I am doing as the founder and producer of my own entertainment business, "Playza Club Records Company" and my Religious Foundation "Muslim American Community Tribute" and where I'd started by promoting myself as a Muslim artist, who became to managed other artists' careers. For more information see my new websites.

Even though, my entertainment business is involved to attract young people who aspire to enter the music and modeling (School of the Performance Arts) "Show Biz", by giving them an opportunity for training and to get a job; or a contract deal in the industry. I am still a Muslim under the knowledge and guidance of my father and Muslim Leader Imam W. Deen Mohammed's Ministry. Visit: www.associatesofmosquecares-wdmministry.com

As the maker of this film I Honor all our Pioneering's achievements in our African American ("Bilalian") Muslims' History.

As a partner with the Muslim American Community - Tribute and the community of Imam W.D. Mohammed, and in the Mosque Cares (Ministry of Imam W. Deen Mohammed), I care very much about my African American Muslim Community, and Black America's #BLACK LIVES MATTER Movement personally, and the main concerns of our Imam W. D. You should also care about my particular plans, goals and insights, thoughts, or talents concerning the work we are doing together.

Please continue to hold the community in association with Imam W.D. Mohammed's ("AIM") and Main Concerns in prayer daily, which everything we do would be by G-d "Allah's (SWT) clear guidance and provision. Our hearts' desire is always to follow and glorify Him, in His (SWT) Cause. Allah-u-Akbar!

Please let us pray the Lord "Allah (SWT) will grant us knowledge, wisdom, and understanding, to achieve great Economics Wealth and greater than our Arabic brothers and sisters in Saudi Arabia, as we seek His forgiveness, Mercy and the courage to boldly follow where He leads us. May Allah (SWT) bless you and keep you in His Mercy and Grace. (Insha Allah) (Wa-Alaikum Salaam).
